

Victor Rolph has been named to the U15 Boys National Team that will be traveling to Croatia for friendly matches March 10th and 12th along with daily training.

Vic (number 65 on far left in picture) has had several stints with the 15's over the past 10 months but this will be the first trip out of country for the young midfielder. All of the players on the Croatia trip roster are eligible for the next installment of the US Residency Program starting in 2012.

Great job Vic and good luck overseas!
