

Rush Soccer is proud of all it's members who contributed to the R.E.A.C.H. (Rush Equipment Assisting Children) program. Pictured are the Texas Rush U11 Girls team. The team spent the day gathering equipment, singing songs, cheering and collecting contributions in the amount of \$109.72! Julie Tate, Team Coach, "We started with \$5 in the bucket and well as you can see from above what we ended with. The girls were excited to think that they were helping less fortunate people in other countries but as their coach I can't put into words the transformation I saw in those girls as they sat around that R.E.A.C.H. table." Julie continues to share with her team, "there are many things you can do in life to have fun that are for the good of others."

The Rush thank you!
