

Soccer America began its club rankings in 2004. Every year but one Colorado Rush has appeared on this list with its highest boys ranking coming in 2004 (12th). This year Colorado Rush has re-entered the top 20 yet again. This is a proud accomplishment and brings to light the many wonderful players and coaches who make up Rush. No other Colorado club can boast of such consistency and Colorado Rush boys again rank higher than any other Colorado club. Wes Hart, DOC Academy for Colorado Rush, commented: "We are humbled by this recognition and we hope to use this as motivation to achieve greater goals and reach new heights." (The girls rankings come out separately. Last year Colorado Rush was ranked 8th by Soccer America.) To see the complete list, please [click here](#).

One day following the news of the boys ranking in Soccer America's top 20, the Colorado Rush girls achieved a new high in terms of ranking. Previously, the highest rank received on the girls side was sixth, back in 2007. The 2010 Soccer America rankings show the Rush girls at number four. In the growing world of elite soccer and the increased level of competition throughout the country, Colorado Rush takes great pride in receiving such recognition.
