

This past Sunday, September 9, Rush Pikes Peak Soccer Club began its Fall Thunder Soccer Program. The Thunder Program is a 6 week soccer course for children of all ages with cognitive and physical disabilities. The program is free of charge and is open to anyone who may benefit from it!

This season started off with participants working through a variety of stretching and dribbling exercises, then some shooting and finally, a game! The match was a hard fought battle between local rivals the Orange Hawks and the Yellow Dragons. The final score could not be tallied as several times there were 2-3 soccer balls on the field, but many goals were scored and everyone had a great time! The session ended with a great run and goal from Mia Barone.
